

CPD Online News Round Up

www.webbased.co.uk/cpdonline

The London Boroughs of Sutton and Merton switch to CPD Online

The London Boroughs of Sutton & Merton have recently rolled out CPD Online to all their schools. Courses and events for Schools and Governors are included along with our fully integrated Governors system for the LAs to manage and track the details of their school Governors, Governing bodies and terms of office including vacancies and appointments. Clerks also have access to login at any time to access their Governing body details.

We listen and actively respond to your local needs

✓ **Pick & mix**

From our wide variety of CPD Online modules

✓ **Always up to date**

All changes immediately reflected online

✓ **Access from anywhere**

Participants can access their CPD records 24/7

The Aspirations Academies Trust (AAT)

We are delighted to be working with AAT to rollout a variety of tools to their network of Academies over the coming months including a Content Dashboard and CPD Online.

The Aspirations Academies Trust (AAT) is a sponsor of primary and secondary age Academies in England and is committed to raising students' aspirations so that all young people reach their fullest potential and achieve the success they want for themselves.

London Borough of Richmond new training centre and new systems

Richmond LA has recently rolled out CPD Online across their Children's Workforce and will shortly be launching Governors Online and NQT Manager as part of an integrated solution. Richmond Workforce Development team have recently moved into a new training centre based in Twickenham.

They are excited to be taking online bookings from this year, as well as allowing participants to sign in at the centre using the CPD Online touch screen interface.

South Gloucestershire County Council roll out CPD Online

We are pleased to announce all schools in South Gloucestershire have access to CPD Online to book training, track CPD records and have up to date course information accessible from anywhere.

The LA has been working closely with us in the run up to the launch of CPD Online and has been delighted with the rollout and positive response from schools.

Kent County Council rollout e-Learning solution

Kent County Council has recently rolled out their new Learning Management System allowing the council to advertise, allocate and manage all their e-Learning courses in one place. Council staff can login at any time to take e-Learning courses and to access previous course completion history.

Kent County Council has already seen great results following the launch with over 1000 users registered for e-Learning.

Caerphilly ready to launch CPD Online

Great news; Caerphilly Childcare Workforce Development will be launching CPD Online to their Early Years settings in January. Users will be able to access and book themselves on to Caerphilly training events quickly and easily. They will also be able to access their event attendance, documents and certificates at any time.

Line Managers will also be able to book and pay for places for their colleagues online by using the CPD Online shopping basket and checkout facility.

Excellent Practitioner Booking System for Essex

The 'Excellent Practitioner' (EP) booking system for Essex Education Services, part of Essex County Council, has recently been released to schools throughout the county.

This innovative system enables staff at schools and in Essex County Council to easily offer their **time, knowledge** and **expertise** through the Excellent Practitioner programme as traded services; with the objective of building and sharing best practice to deliver educational excellence to all students.

New e-Store for Learning and Innovation Network for Schools (LiNKS)

LiNKS (part of the Central South Consortium Joint Education Service) are getting ready to launch their new e-Store and CPD Online system to schools across their five LAs in Wales (Bridgend, Cardiff, Merthyr Tydfil, Rhondda Cynon Taf and the Vale of Glamorgan).

Schools will be able to search, request and purchase services online including school-to-school support, programmes, consultancy, conferences and bespoke support. Schools can track their purchases and budgets throughout the year and add items to their shopping basket quickly and easily.

What our clients say...

Success with Cardiff Online booking and payment system

“ The online booking and payment system has proved to be successful in many ways. It has significantly reduced the time spent manually taking bookings and payments, it has allowed childcare establishments in Cardiff to proactively plan the training that their staff require and make amendments if required with ease. Customers have commented on how simple the system is to use and have been pleased with the follow up detail received through emails.

WebBased proved to be very supportive through the design, launch and follow up; we continue to work with them to further develop the site. ”

Sandra Ferguson, Workforce Development Officer, Cardiff EY's

South Gloucestershire delighted with CPD Online

“ We are very pleased that schools and tutors are getting used to the new system. They have experienced relatively few problems in accessing the new system and we are finding the automated emails and ease of use for admin staff in the office has reduced time in back office services considerably.

We have over 1800 users since the launch in September and are regularly adding new schools through advertising the new site and continuing a weekly bulletin to CPD leaders.

Support from WebBased for our list of queries has been prompt, courteous and professional. We appreciate your ongoing support to build a system that is becoming increasingly bespoke.

We have also purchased Governors Online in order to build a one stop shop for all professional development requirements across the workforce. ”

Liz Townend, CPD and Curriculum Team Leader, South Gloucestershire County Council
