# About eLearning Platform

eLearning Platform allows organisations including local authorities and multi-academy trusts to manage, deliver and track online learning for their entire workforce, no matter where they work. The platform is compatible with HR, finance and login systems for easy integration and delivery.

Tracking tools for you to monitor activity, course statistics and staff progress

Communication tools enabling you to allocate modules and send alerts to users

Multiple modules and courses so you can create and deliver learning pathways

Ability to upload your own content and charge specific user groups for access to your eLearning

## Benefits of eLearning Platform

### Provide 24/7 access to online learning

Access for your entire workforce on any device, anywhere, any time

### Effectively audit and control uptake

Track usage and impact with our reporting and monitoring systems

### Save time

The platform frees you up to focus on sourcing high-quality eLearning

### Increase efficiency

Administrators can update content, report on activity and statistics, all at the touch of a button

### Facilitate flexible working

Easily access your administrative system on the go

### Integrate your systems

Link up with your existing systems for easy use and delivery
